

Motion to Expand the Size of the Leslieville BIA Board

The Leslieville BIA is moving towards plans to expand its BIA. In keeping with its commitment to being inclusive at all levels, the board wishes to expand its size to provide opportunities for members of the desired expansion area to serve at this level.

At present, provisions are in place for 11 board positions, with the Councillor of the ward filling the 12th position as an ex-officio member. Of the 12 positions in place, 10 are filled. This motion will allow for the creation of 2 additional posts, resulting in 4 available positions to be filled should the BIA expansion go forward.

The board of the BIA is instrumental in shaping the BIA's policies, collective vision and mandates and ensures that resources are invested and properly managed, to the eventual benefit of the main street. As the Leslieville BIA looks to a future of prosperity, it will welcome new board members who share in this vision and are willing to help lead the charge to realize this prosperity.

The membership of the BIA is being asked to support this motion to expand the board of the Leslieville BIA.
